Analytics

The visualization selected does not use forecasting or analytic insights

Select a visualization with analytics support to view and manage the analytics settings.

IBM Cognos Analytics interface showing a visualization of market sales data. The main visualization displays a line chart with a value of 2.34M. The interface includes a sidebar with a tree view of data sources (Invoice ID, Branch, City, Customer type, Gender, Product line, Unit price, Quantity, Tax 5%, Total, Payment, cogs) and a top navigation bar. A message on the right states: "Could not validate module: The server is not responding it might be disconnected from the network." Below this, a note says: "The visualization selected does not use forecasting or analytic insights. Select a visualization with analytics support to view and manage the analytics settings."

IBM Cognos Analytics interface showing a relationship diagram. The main visualization displays a network diagram with nodes (Tax 5%, quantity, cogs, gross income, Unit price) and edges. The interface includes a sidebar with a tree view of data sources and a top navigation bar. A message on the right states: "Error: We can't retrieve the data from data set ass 1 data module." Below this, a note says: "Error: Script error for 'com.ibm/vida/vizbundles/trave2cor'".
